Student ID 2025080297 · Zijing College, Class 51 · B.Eng. Urban Planning

SUPPORTING MATERIALS

Comprehensive Excellence Award

My CV, work highlights across every area, and my design portfolio.

Educational Backgrounds

Tsinghua University 2025 - present 3.735/4.0	Fully Funded Scholarship, Ministry of Higher Education, Science & Technology (Garuda & BIM), following the BIM Persiapan overseas-study preparation program (2023–2024) Honor Student, 2025 Freshman Orientation Program B.Eng. in Urban Planning, Zijing College · Ranked 19th in Zijing College, 5th in Class 51
SMA Pradita Dirgantara 2022 - 2025 95.66/100	Recipient of Full Merit Scholarship from Ardhya Garini Foundation (Indonesian Air Force Affiliated)

Awards & Achievements

Apr - 2026	5th Place & Sportsmanship Award, Ma Cup Cheerleading, Tsinghua University
Jan - 2026	Winner, Mascot Design, Tsinghua University Zijing College
Dec - 2025	Winner, Lab Safety Poster Design, Tsinghua School of Materials Engineering
Jan - 2025	Ambassador of Diversity, Central Java (Berbineka.id)
Nov - 2024	The Diana Award 2024, International humanitarian recognition
Nov - 2024	2nd Place, Parahyangan Creation (Fastest Construction, Best Infographics, Eco-Friendly Design)

Leaderships & Experiences

2026	Main Designer, Zijing College Uzbekistan Deep Dive · 4 published WeChat articles + printed magazine (in progress)
2026	Organizer, Sustainable Design & Research in Asian Cultural Spaces International Conference (Tenganan, Bali)
2026	Lyricist & Lead Singer, "One" (first Zijing College theme song); Student Festival performer (dance, K-pop set coordinator, Multicultural fashion show)
2025 - 2026	Administration & Design team Tsinghua University Zijing Student Association Science & Technology
2024 - Present	Master of Ceremony High School and University level events
2025 - 2026	Part-Time Online Tutor (Physics) TamanSchool
2026	Publicity Team Tsinghua University Zijing College Guangzhou Social Practice
2024	Community Service & Wirakarya: charitable programs serving 50+ families
2023 - 2024	The Hemisphere Project: Cofounder & Event Planner Securing \$1,512 USD from IB Fund 2024 Diana Award 2024

Researches & Technical Projects

2026 - Present	Heritage Documentation (SRT): 3D-scanning historic buildings in Tenganan Village, Bali, to preserve vernacular architecture
2026	Science & Economy: The Carbon-Fueled Electrostase_Paradoxes of Power in China exploring China's dual role as a leading global CO2 emitter and a dominant force in renewable energy technology and supply chains.
2024	Physics: Investigating the Role of Materials and Structure in the Stability of Kampung Naga's Traditional Indonesian Houses, with a recreated structure using Blender 3D.
2023	Creative Writing: Contributing writer for "Sound of Voiceless," an anthology based on immigrant narratives.

Skills & Languages

Technical	Illustration & Digital Illustration · Blender (3D modeling) · Editorial & WeChat design (Xiumi)
Language	English (IELTS 7.5) Indonesian (Native) Sundanese (Native)
Interpersonal	Public Speaking Financial Literacy Event Logistics Digital Asset Management Leadership

Performing 'One,' Zijjing's first theme song, with the band at the Student Festival, 23 May 2026.

海外实践 | 紫荆书院“兹路之径”赴乌兹别克斯坦实践总结：丝路三城的转型观察与思考

Zijing College 清华大学紫荆书院 Aug 26, 2026, 10:00 AM 北京

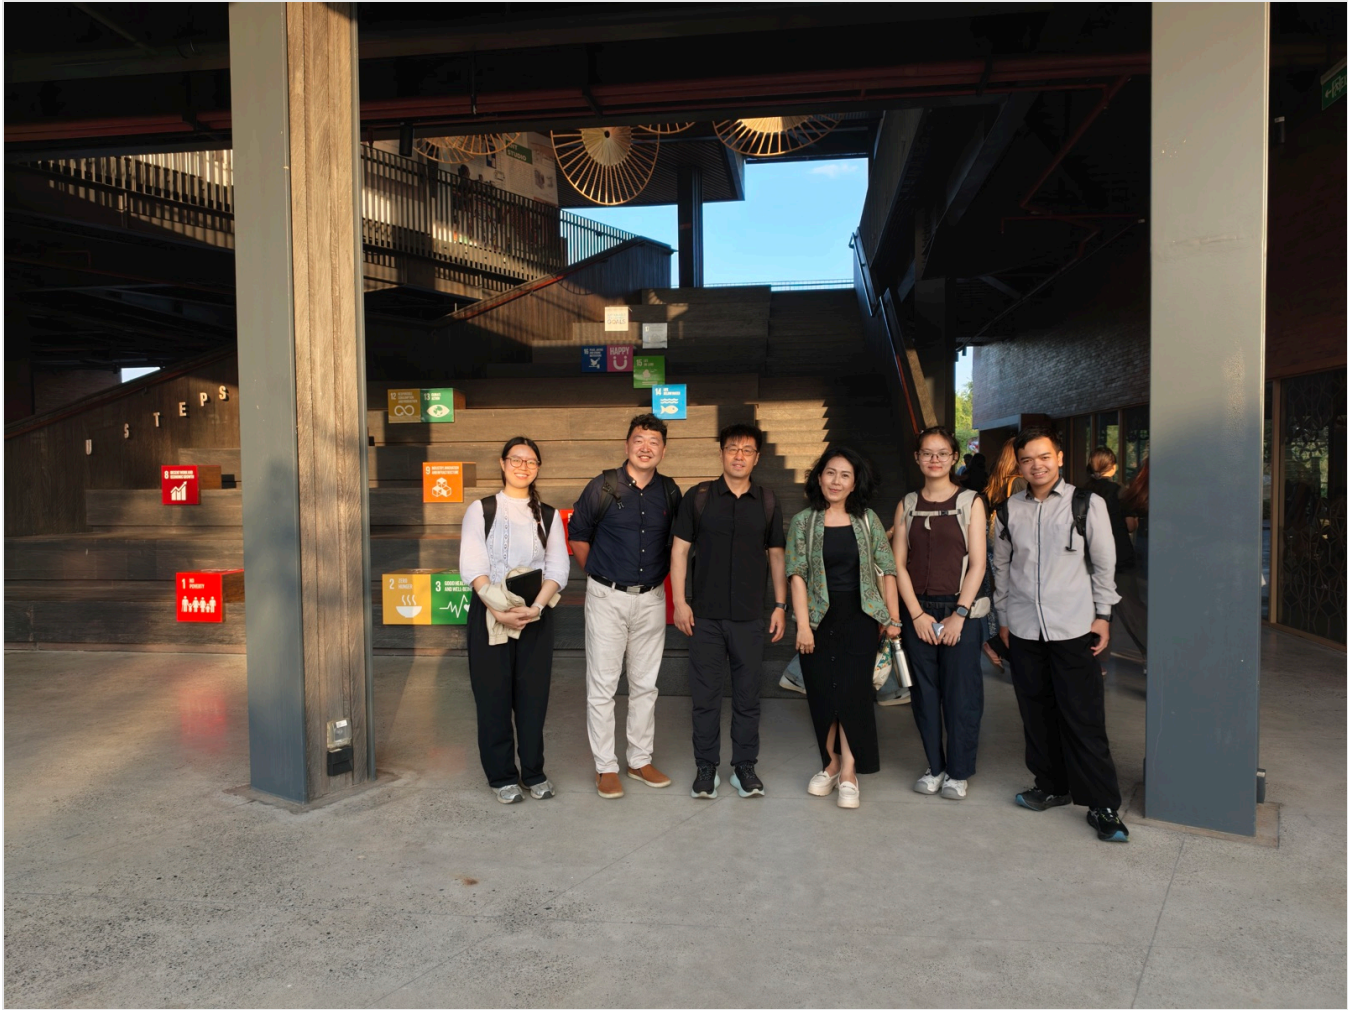

Tsinghua University - Zijing College
Deep Dive to Uzbekistan!

紫荆书院赴乌兹别克斯坦实践支队「兹路之径」由各国国际学子组成。自塔什干启程一路西行，循古丝绸之路前往撒马尔罕、布哈拉，以青年国际视角，探寻丝路沿线文明交融下的文化变迁与经济转型之路。
The "Zilu Zhijing" Practice Team of Zijing College is a cohort of international youth. Starting our journey in Tashkent and heading west along the ancient Silk Road toward Samarkand and Bukhara, we investigate cultural shifts and economic transitions stemming from inter-civilization exchanges on the Silk Road.

本次实践由清华大学写作与沟通教学中心李正新老师带队，社科学院硕士生谭媛丹作为助教。
This practice is led by Professor Li Zhengxin from the Writing and Communication Teaching Center, Tsinghua University, with Tan Yuandan, a master's student from the School of Social Sciences, Tsinghua University, serving as the teaching assistant.

A Uzbekistan deep-dive WeChat article I designed.

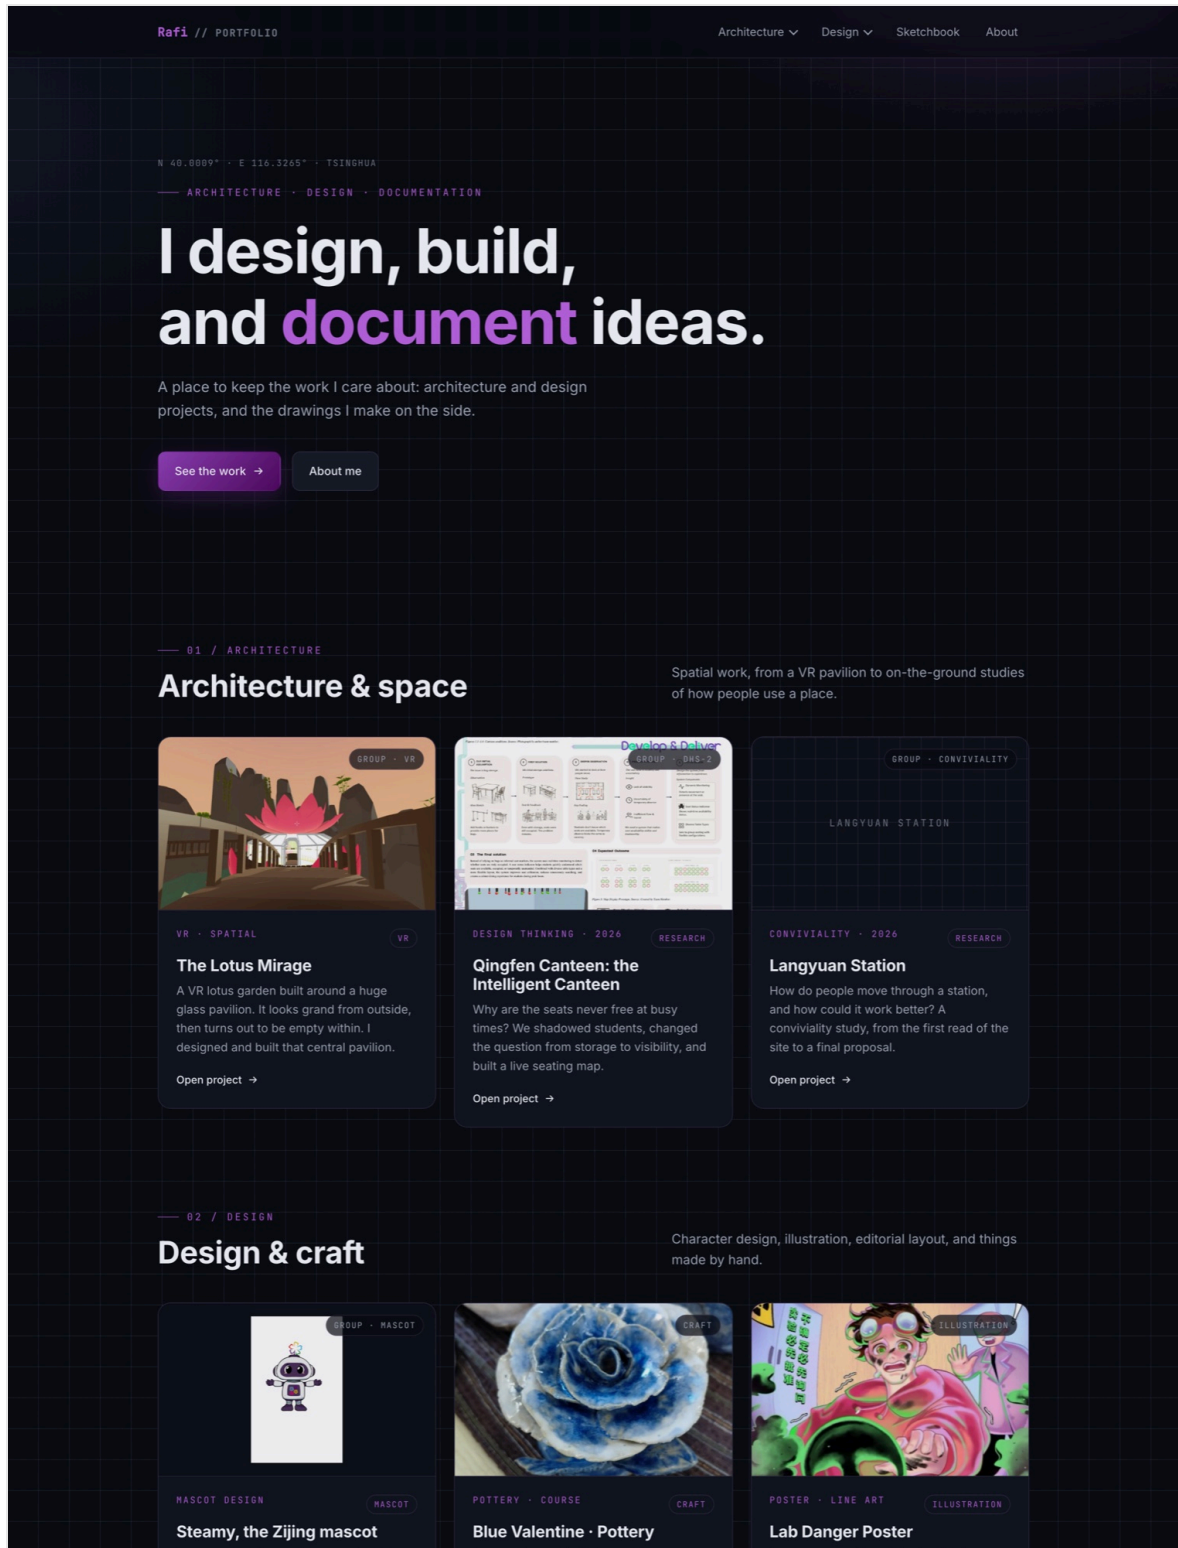

With speakers at the international conference I helped organize.

The Tenganan SRT 3D scanning device in action.

Ma Cup cheerleading, Group B 5th place.

— GROUP PROJECT · VIRTUAL REALITY

The Lotus Mirage

A virtual-reality lotus garden, with a huge glass pavilion at its heart. It looks grand from the outside and turns out to be hollow inside. The piece is about that gap between how something looks and how it feels to be in it.

TYPE

VR experience · Spatial

MY ROLE

Concept · 3D modelling · rendering

PLATFORM

Windows (.rar download)

YEAR

2026

— THE TEAM

Built together

A collaborative VR garden. I designed and built the central pavilion and bridge structures; the wider garden was made with the team.

— THE CONCEPT

A beautiful lie

The grandness of the exterior sets up the emptiness within.

The interior is blindingly bright and disturbingly empty. Because the walls are glass and there is a massive hole (an *Oculus*) in the ceiling, there are no shadows to hide in. The grandness of the exterior was a lie; inside, there is no furniture, no warmth, just a hollow, echoing chamber of glass and steel.

Those inside desperately stretch toward the hole in the roof, reaching for the sky they can see but never touch.

— TRY IT

Open the virtual garden

Download the build and explore the garden on your own computer.

Download the garden (.rar) ↗

WINDOWS ONLY

! **Heads up:** this is a Windows build hosted on Tsinghua Cloud and delivered as a .rar archive. Download it, extract, then run the executable inside.

— INSIDE THE GARDEN

Stills from the experience

Views from inside the VR garden.

[Home](#) / [Design](#) / [Steamy](#)

— GROUP PROJECT · MASCOT DESIGN

Steamy

A mascot for Zijjing, made with a small team. It started as one design and grew into the refreshed "newest Steamy" we use now.

★ 1st place at the Zijjing College Mascot competition, by popular vote

TYPE	FOR	MY ROLE	RESULT
Mascot · Character design	Zijjing College	Finalizing & communication	1st place (popular vote)

— THE TEAM

Designed together

Steamy was made by a small team. My part was finalizing the design and the line art, and being the one who talked things through with the stakeholders across the revisions. It won first place at the Zijjing College Mascot competition by popular vote.

— THE CHARACTER

From first draft to newest Steamy

Steamy changed over time. Here's the original next to the version we use now.

Newest Steamy

CURRENT

The version we use now. Cleaner lines, rounder shapes, and a rainbow four-leaf-clover antenna.

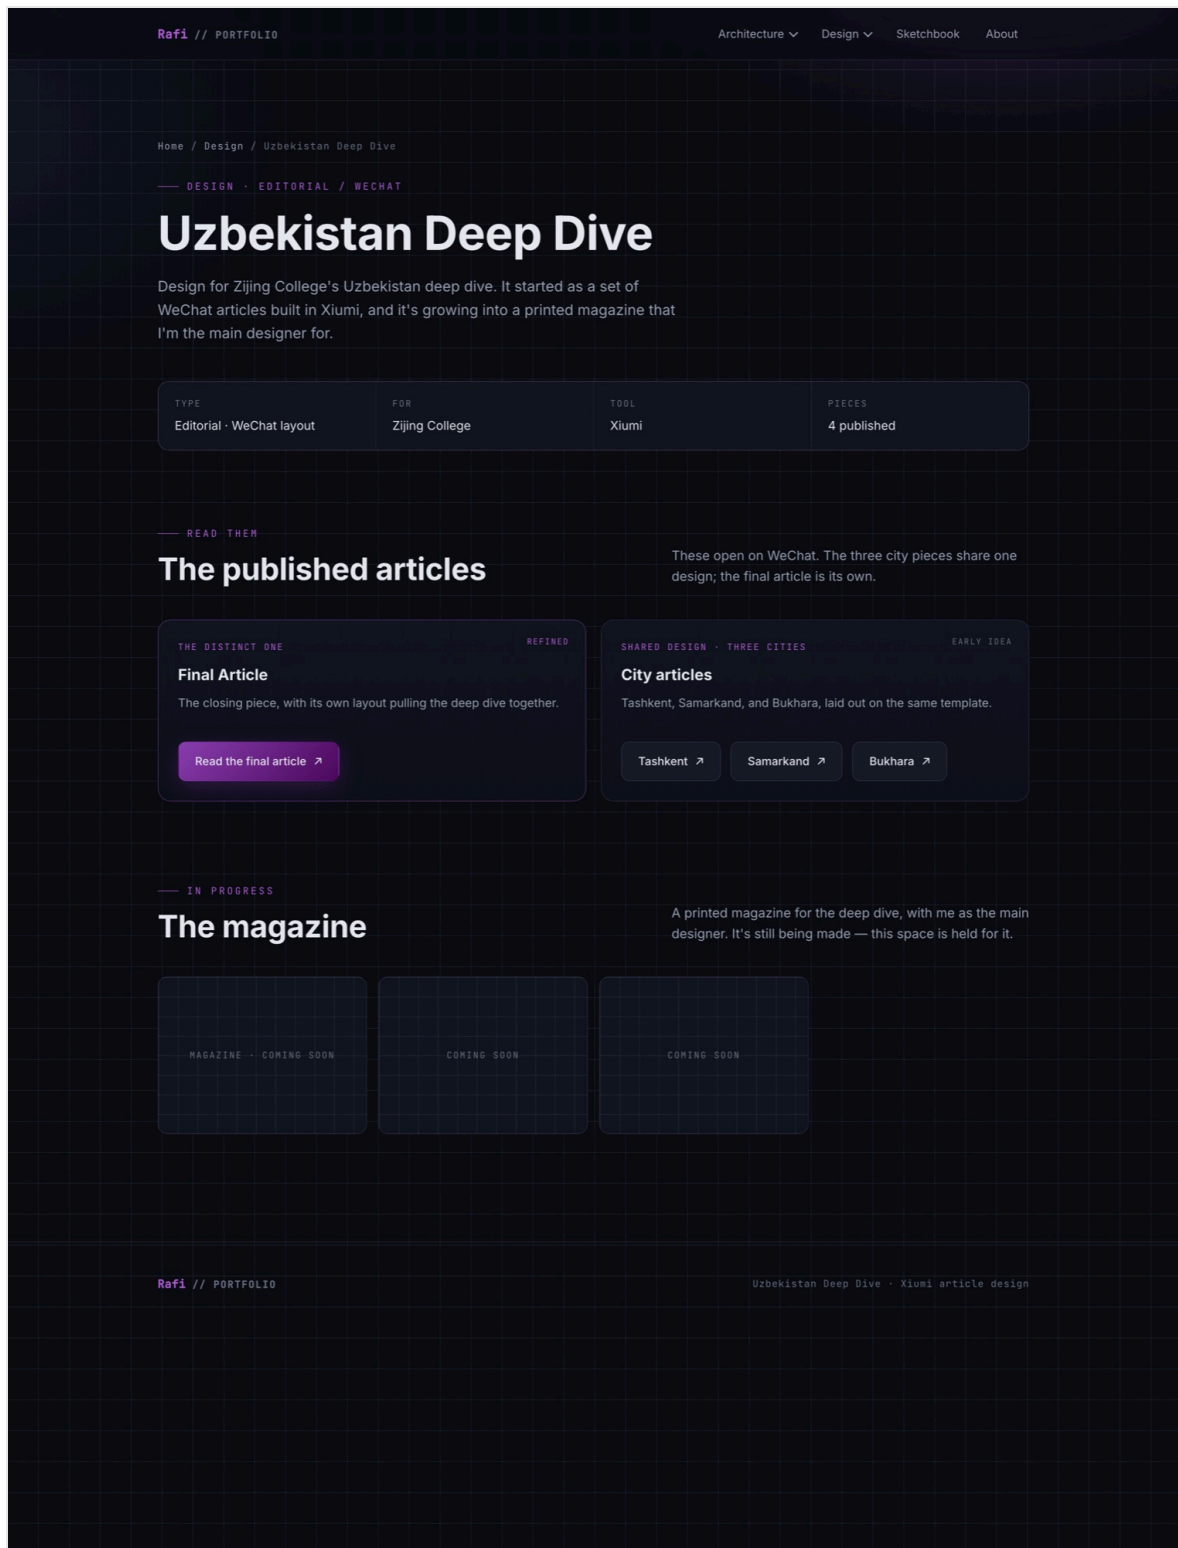

Steamy (original)

FIRST VERSION

Where the character started: the first design, some poses, and the early animations.

Portfolio: Steamy, the Zijjing mascot, first place design.

Portfolio: the Uzbekistan deep dive, editorial and WeChat.
